

FIG. 1

FIG. 2

A hand-drawn graph showing the relative concentration of two components, A and B, over application time. The y-axis is labeled "Relative Concentration" and ranges from 0 to 1.0. The x-axis is labeled "Application Time (s)" and ranges from 0 to 60. Curve A starts at (0, 1.0) and decreases to (60, 0). Curve B starts at (0, 0) and increases to (60, 1.0). The two curves intersect at approximately (36, 0.72).

Application Time (s)	Relative Concentration A	Relative Concentration B
0	1.0	0.0
10	0.95	0.05
20	0.85	0.15
30	0.72	0.28
36	0.72	0.72
40	0.60	0.80
50	0.35	0.95
60	0.0	1.0
